ACKERMAN  
HERITAGE HOUSE

# Ackerman Tea Society

## *Founders Edition*

It has been an honor to welcome guests globally to our 1889 Victorian estate called the Ackerman Heritage House. The inspiration in restoring this iconic fixture was to capture a piece of Napa's history for the community I love. Although our hospitality experiences have been well received, our authentic English tea experience with a Napa twist has been highly regarded to all those who have enjoyed it time and time again. We established our Founders Tea Society Edition as an exclusive membership offered to those who have embraced, savored, and supported our Afternoon Tea society. My hospitality team will curate unique and intimate experiences only to be enjoyed by our founders. I hope you will join me by becoming a founding member to honor tradition and the community we love.

Sincere Gratitude,

*Lauren Ackerman*
